Dive Into Harbour Village Beach Club Bonaire

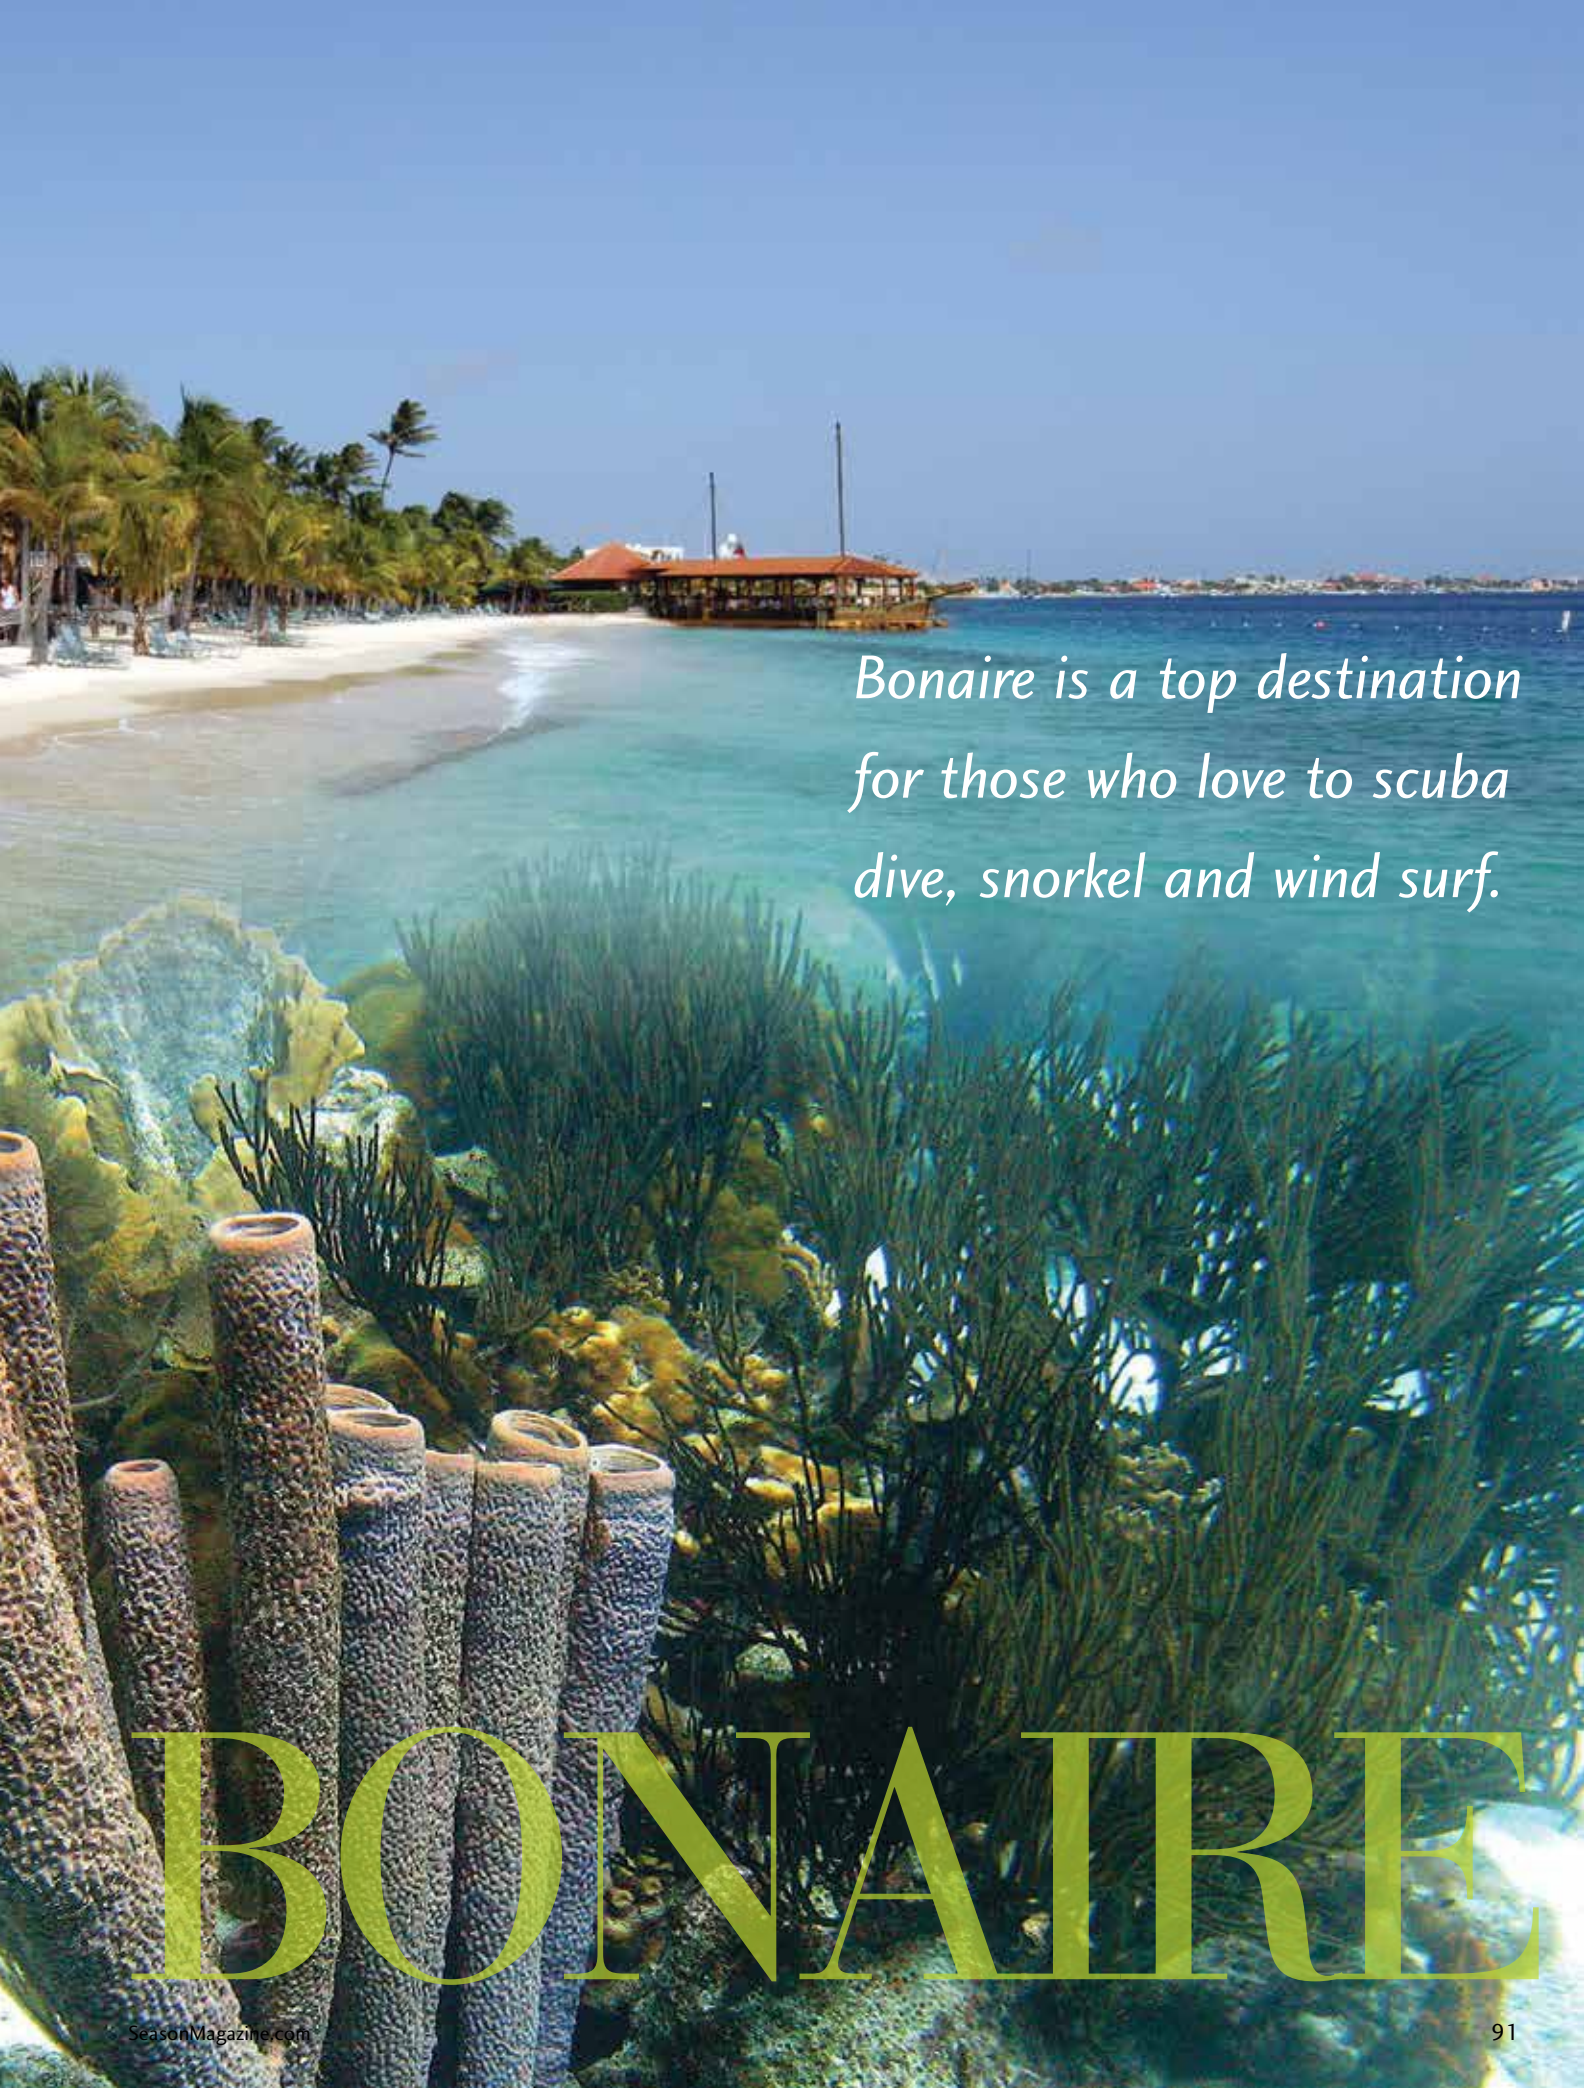

By *Marian Anderson*

When you want to get away, far away, head to the tiny island of Bonaire and check into Harbour Village Beach Club. This boutique, oceanfront hotel and residential community is nestled along a white sand beach on a private peninsula in the southern Dutch Caribbean just 30 miles east of Curacao and 86 miles east of Aruba.

Bonaire is a top destination for those who love to scuba dive, snorkel and wind surf. The island has been recognized by the National Oceanic and Atmospheric Administration to have the most pristine coral reef communities in the Caribbean protected by strict environmental protection laws. More than 300 species of fish and 120 different types of coral invites divers to explore a world like no other.

Harbour Village Beach Club offers its guests a multitude of activities to enjoy along with luxury accommodations, vacation homes and temporary membership, while staying on the property. Guests can check into small hotel rooms or spacious oceanfront villas with complimentary Wi-Fi. They can also enjoy maritime moments at the marina where luxury yachts dock daily, or get pampered at the on-site spa complete with a full menu of services including massages, facials and salon treatments. Plus, a state-of-the-art fitness center and dive shop right on the beach

BONAIRE

offers equipment rentals and classes for divers. You can also play a game of tennis or rent a kayak to add variety to your workout.

Sunbathers can unwind on the powdery white sand beach inviting peace and tranquility to lull them into a state of bliss. Club guests are often seen relaxing in their own hammocks either on their patio or right on the beach. Sitting beachside at the Casa Coral pool to catch

some rays is another favorite pastime for those who love the good life.

La Balandra Bar and Grill is a sight to behold designed as a Spanish ship inspiring guests to sail the Caribbean while dining by the sea. Chef Johnny Statie continues to impress guests with his original culinary creations of grilled Caribbean lobster tail to light selections of Calamari Fritti and pasta and pizzas. Warm chocolate cake and

key lime pie are favorites among new and returning guests.

Unspoiled, exclusive and secluded—all features that make Bonaire a hidden gem in the Caribbean among those who love adventure, and there's no better place to wake up in paradise than Harbour Village Beach Club.
