### CAYMAN ISLANDS

**The lowdown:** There's plenty to do besides sunbathe on the famed Seven Mile Beach, including explore the capital of George Town, picnic on secluded Little Cayman, and swim with stingrays.

**Foursquare City Guide tip:** "The crab cakes and ceviche appetizers at [Calypso Grille](#) are amazing. Can't go wrong with any entrée, and you're not experiencing Cayman if you don't get their sticky toffee pudding!" —Linda Aldred, The Woodlands, Texas

**Hotel to book:** [Kimpton Seafire Resort + Spa](#), on Grand Cayman's Seven Mile Beach, has bungalows with private sundecks and soaking tubs, complimentary activities like yoga, and an adults-only pool. And on Cayman Brac, the food-centric [Le Soleil d'Or](#) has its own organic farm and offers cooking classes and, starting this year, a series of [Holistic Hideaways](#).
