Michigan's largest spa now has more inspirational views.

The Spa at Boyne Mountain, formerly called Solace Spa, has remodeled its salon and entrance and upgraded its fitness area to take advantage of the ski resort's beautiful scenery.

An open-plan salon has windows that look out on the mountain, as does the fitness area. Downstairs, the spa's 18 treatment rooms offer massage, relaxation and reflexology.

The spa is 19,500 square feet and includes steam and sauna rooms, whirlpools, an indoor/outdoor swimming pool and hot tubs.

Besides skiing and the spa, Boyne Mountain, in Boyne City, also has the largest indoor water park in the state, Avalanche Bay ([www.boyne.com/boynemountain/spa](http://www.boyne.com/boynemountain/spa), 231-549-7946).

Other notable resort spas in the state include Immerse Spa at the MGM Grand in Detroit, Crystal Spa at Crystal Mountain in Thompsonville, the Spa at JW Marriott in Grand Rapids, Spa Grand Traverse at Grand Traverse Resort in Acme and the new Lakeside Spa and Salon at Mission Point Resort on Mackinac Island.
