

## **CLUBHOUSE**

Complementing the extraordinary golf experience at Quivira is a thatched-roof, multi-story clubhouse conveniently located between the first tee and the 18th green of the golf course. This stylish beachfront clubhouse, roughly the height of a palm tree, sits directly above the sandy shore a short distance from the rolling Pacific surf.

In addition to ample outdoor seating areas oriented to the sea that are shaded by slatted rattan ceilings, the clubhouse contains a golf shop featuring top apparel brands and golf-related merchandise with the Quivira logo. Beach fishing equipment of the highest quality is available for rent or purchase.

The top floor of the clubhouse has a private dining room attached to a special event space. These window-walled rooms have spectacular views of the golf course, practice facility and ocean.

The clubhouse's exterior terraces are paved in brick and are accented by hand-laid pebble borders. A large rectangular bar, which will serve as Quivira's 19th Hole, is highlighted by a fire pit. There's also a casual steakhouse with indoor and outdoor seating areas that will be open in the afternoon and evening for casual dining.
