TASTE THE CARIBBEAN

ST. LUCIAN DINING

At the Landings the food we offer reflects our people and landscape: lush, varied, interesting, and generous.

Our dining experience is all about the ambience – the warm sands, the silhouettes of palms, the ocean breeze. The aromas are going, of steaks, and seafood, herbs and vegetables, of warm freshly baked bread and fragrant chutneys. All made using fresh and organic produce.

In the white heat of the day we'll want our chilled St Lucian Beers. In twilight, enjoy cocktails made out of the plethora of fruit of St Lucia from one of our bars.

The Landings will surely stimulate your palate.
