

NEW SEA- AND FARM-TO-TABLE DINING IN BERMUDA

The Reefs Resort & Club introduces New World Cuisine dining concept with Aqua Terra

SOUTHAMPTON, Bermuda – The Reefs Resort & Club introduces the newly styled Aqua Terra, a sea- and farm-to-table dining experience, now open at the top-rated island resort.

An homage to the sea and land of Bermuda, Aqua Terra evokes the flavors of island life with innovative dishes such as grilled octopus, along with traditional island meals of grilled rockfish and the famed fish chowder. Highlights include:

- Grilled Octopus, served with toasted farro, tomato confit, watercress
- Duo of Veal, served with warm pickled cabbage, parsnip puree, and sautéed chanterelle
- Beet Root Ravioli, served with sweet pea, walnut, fennel beurre blanc
- Grilled Rockfish, served with crab fondue, swiss chard, grilled artichoke
- Fish Chowder, with sherry pepper and Black Seal Rum

The ethos of Aqua Terra is shaped in sustainability. The Reefs, a family-owned boutique resort, holds its farmers, fishermen, and purveyors to the highest standard, only using local sustainable products when available and importing the very best when needed. All products are World Friendly, no hormone, no antibiotics, and the freshest on the island.

Aqua Terra's opening culminates a year of innovative dining additions at The Reefs under Executive Chef Douglas Sisk, with nearly three decades of culinary expertise, including the unique experiences of cooking for Presidents George H.W. Bush and Bill Clinton, and the Prime Minister of Jamaica.

Weekly exclusive chef's tables highlight a seven-course meal with personally selected wine pairings and are consistent sell-out events. Each Tuesday brings the opportunity for a private tour of Wadson's Farm, where guests can personally select their homegrown ingredients and enjoy a meal that evening personally prepared by Chef Sisk.
